	Homepage	Rename title as Smoke-Free Homes	✓
	Homepage-Tabs	When I click on **5 steps: going smoke-free**, **Foster care** and **Resources tabs** the banner at the top reverts back to the old labeling/outline	✓
	Homepage	Please update tab and page names per last outline document sent. See attached document	✓
10.30.13			
	Homepage	We want the homepage design with the rotating text in though bubble with the kid – the design idea I sent last week	x
	Homepage	We want there to be a homepage tab – which will then have internal subpages of about us and contact us	✓
	Tabs -	Change 5 Steps: Going smoke-free to just Going smoke-free	✓
	Slideshow	Needs more color; perhaps explore having a background color. Currently looks very plain and white	x
	Videos	Want the picture to serve as thumbnail which is clicked on to play the video	x
	Videos	I'm not sure what is wrong with the embed codes but I think I did it correctly. I can give you the log in information if you want to get them yourself.	✓
11.11.13			
	Going smoke-free	Rename the page to reflect new tab name addition, so this should read, **Going smoke-free: The 5 steps**	✓
	Slideshow (both tabs)	Make all '**Tip**' boxes consistent in the layout and design.	✓
	Videos	The video challenge number and title does not match the page number and title. They all say, challenge #1. Update other 9 titles	✓
	videos	When play the video and opens in another window, the URL says, Diabetes and training Technical assistance	✓
	Slideshow (both tabs)	Is it possible to insert 'quick pages' to the left had side of the page? So for example, the Going smoke-free tab will have Step1, Step 2…etc on the left had side that allows users to click to specific sections of the slideshow.	

	Why a smoke-free home?	On the last slide, can that say “Going smoke-free” and then link to the going smoke-free content instead of ‘next and starting over’?	
	Going smoke-free	On the last slide, can that say “Videos” and link to the videos tab instead of ‘next and starting over as it is now’?	✓
	Videos	We think we might need a way to make this tab more user friendly so people know there is another page with more videos. Do you have any suggestions?	
	All pages	Insert the links to other website pages and external sites	x
11.18.13			
	Videos	We were wondering if we could use new embed codes that will prevent video suggestions from popping up after our videos are played just since we don’t know what might pop. See attached document with new codes	x
	Pictures – Homepage	Replace File #9572416 with File #: 9190328. Please note it looks like the new image has a lot of dark background on the right so please crop that out.	x
	Pictures – Why a smoke-free home	The truth about secondhand smoke page: Please delete the image “Did you know”	x
	Pictures	Please go ahead and purchase images, with the exception of the following images in the Going smoke-free tab (see attached for these) • The 5 steps • Step 3 (prepare for your smoke-free home) • Step 3 (Tell people about your pledge and get their support) • Step 5 (keep your home smoke-free	x
	Google drive account	Username: Emoryprc@gmail.com Password: smokefree1	
	Why a smoke-free home	Verbiage for the last slide – add to the bottom of the page. Learn more about how to make your home smoke-free by clicking on the Going Smoke-free tab .	x
	Going smoke-free	Verbiage for the last slide – add to the bottom of the page.	x

		View the 5 steps in action by clicking on the Videos tab	
	Videos – Going smoke-free photonovella	Verbiage for the bottom of the slide – add: Going through the 5 steps towards creating a smoke-free home can be difficult for some families and we encourage you not to give up on the idea. To address these challenges we have provided easy tips and solutions to help you overcome these challenges. Click here to watch.	x
	Videos – Challenges and solutions	Edit the paragraph at the top to say: We have compiled 10 of the most commonly reported challenges that people face in making their home smoke-free. Click on any of these challenges that you may face or you can also watch them all!	x
